

Raptor Ridge Hunts 2020 Hunt report

Welcome to our 2020 Trophy Hunt end of year hunt report, regardless of the Covid 19 pandemic we held up our reputation as the number 1 Hunting Outfitter in Australia. Our year started in February with two huge Red Stags taken by Randall and Nicholas, Randall was back after a successful hunt in

2019 with a giant 17 point Red Stag and Nicholas was kicking off a 3 species hunt for Red, Fallow and Ram, smashing a Platinum Stag 400+DS on his very first Trophy Hunt.

Tyron from western Victoria was back for a 3 species hunt but ended up with 4 very impressive trophies starting with a 27 point Platinum Red, Trophy Fallow, huge 40" goat

and a double curl Trophy Red Ram.

Andrew was back and wanted to find a wide Red Stag and a Red Ram, he wasn't disappointed when after 4 days we found what he was after.

David, Clare and James were also back looking for a trophy Red and a

Snowy Ram each, this was a family hunt that we managed to squeeze in pre the shut downs.

When NSW reopened we replanned the hunts to accommodate David with a nice square 30" Rusa then Rachelle and Chris for a big 17 point Trophy Red and nice Rusa and Trophy Fallow.
